HAYSTACK PEOPLE

Medior PHP Developer | Marktleider in de verhuisindustrie

Established | Vast | 65k

WHAT WILL YOU DO?

As a Medior PHP Developer, you'll be part of a close-knit development team. Your main responsibilities include building new features, fixing bugs, and maintaining key systems such as:

- A custom-built ERP system
- A B2B SaaS portal
- Multiple B2C WordPress websites

You'll work in an agile environment and collaborate closely with other departments to translate ideas into well-executed technical solutions.

YOUR PROFILE

- 2 to 3+ years of experience with PHP and Laravel
- Strong in feature development, debugging, and writing clean, maintainable code
- Experience with APIs and database-driven applications
- Familiar with agile methodologies (Scrum)
- Basic knowledge of WordPress, Vue or Angular is a plus
- Good communication skills and a proactive, solution-oriented mindset
- Comfortable working in English (minimum B2/C1 level)

FUNCTIE EISEN

WHAT'S IN IT FOR YOU?

- A role where you can take ownership of your work and grow professionally
- A dynamic, multicultural working environment
- Flexible working hours and a modern office setup
- Competitive salary up to €4,000/month based on experience
- Opportunities for learning and development, focused on long-term value
