HAYSTACK PEOPLE

Node.JS developer | Remote in the Netherlands

ScaleUp | Vast | 85k

WHAT IS IT THAT THEY DO?

Cherry.tv is revolutionizing the online entertainment industry with a cutting-edge streaming platform that brings the excitement and interactivity of other live streaming platforms like Twitch to the adult entertainment world. With **over 200 million monthly users**, **1.8 TB of daily data**, and a constant flow of live streams, we are setting new standards in scalability, performance, and user experience. What makes this platform unique is its focus on **gamification**, creating an engaging and interactive experience for users worldwide. Despite being a remote-first company based in the Netherlands we have a **tight-knit culture** with a dynamic virtual office on **gather.town**, where creativity and collaboration thrive. Based primarily in the Netherlands, Cherry.tv combines a fast-paced environment with a strong commitment to quality and innovation.

WHAT IS IT THAT YOU WILL BE DOING?

As a **Node.js Developer**, you'll be a key player in scaling and improving one of the most innovative platforms in the world. Working with a **global team of 60+ experts**, you'll tackle large-scale engineering challenges while building features that serve millions of users every day.

Your responsibilities will include:

- Building and optimizing **APIs** to handle massive traffic loads.
- Integrating **payment systems** and collaborating with external developers to ensure smooth functionality.
- Developing **gamified features**, such as achievement systems, to enhance user engagement.
- Writing **unit tests** and ensuring high-quality, maintainable code.
- Contributing to **CI/CD pipelines** and ensuring scalable deployments.

The role offers full flexibility to work remotely within the **CET time zone**, but you **must be registered in the Netherlands** due to tax regulations.

WHAT IS IT THAT YOU HAVE TO DO?

We value modern tools and developers with a passion for learning and growth.

Must-haves:

- 5+ years of professional experience with **Node.js**.
- Proficiency with JavaScript frameworks like **React, Vue, Next.js, or Nest.js**.
- Experience with **CI/CD pipelines** and deployment tools.
- Strong test-writing skills and structured coding practices.
- Fluency in English.

WHAT DO YOU GET IN RETURN?

Cherry.tv provides an exciting and rewarding environment where your work makes a difference:

- **Salary up to €75k per year**
- **15.4% pension contribution** on top of your salary.
- Fully remote work within the CET time zone, with a dynamic virtual office on **gather.town**.

- **25 standard holiday days**
- The chance to contribute to a platform serving millions of users and processing vast amounts of data daily.
- A fast-paced, innovative culture where collaboration and high-quality output are celebrated.
