HAYSTACK PEOPLE

Medior Front-end developer | Broadcasting

Established | Vast | 60k

COMPANY PROFILE

They develop VOD and Live Streaming platforms for major brands in the national and international market. They manage the largest online video platforms in the Netherlands for clients such as the Dutch Public Broadcasting (NPO), FOX Sports, Videoland, and Pathé Thuis. You can expect customers such as Apple, Netflix, HBO, and Discovery.

When it comes to media technology, they are the market leader.
They want to constantly exceed the expectations of their end-users. So they have to come up with smart, infinitely scalable solutions for complex challenges. Their team with more than 3,000 employees of which about 50 developers are driven by passion and a focus on technical innovation, and together they have supported productions in over 65 countries on all seven continents.

JOB DESCRIPTION

The department you will be working in develops and maintain multi-platform TV solutions and platforms for clients like Delta, Caiway, Sunrise, SportsTribal, KPN, the Dutch Public Broadcaster (NPO), ESPN and many more.
You will be working in an enthusiastic and passionate team that consists of UI and UX designers, front-end developers and back-end developers. As one of the Front-end Developers, you will be responsible for translating the user flow and UX design into an intuitive and easy-to-use product. By communicating with your team members and taking part in brainstorm sessions, new ideas will be generated that help to create better products.

JOB REQUIREMENTS

You are ambitious and motivated to be the best front-end developer. Besides that, you:

- have up-to-date knowledge of JavaScript, HTML, CSS and experience with Angular 2+ or React;
- are able to embrace new methods and technologies quickly;
- have experience with tools like Git, Sass/Less or NPM;
- value a good user experience and want to deliver a pixel-perfect end product;
- are eager to learn and a strong communicator;
- have good verbal and writing skills in English;
- must be resident in the Netherlands (it's important in this position that you work in the office).

OFFER

They offer a job in an open and collegial work environment. You will receive training and supervision while you find your place in an enthusiastic and passionate team. You get all the opportunities to further develop, specialize or grow. In fact, they even stimulate this! Of course, they offer a competitive salary and working conditions.

- You work behind the scenes on productions for millions of viewers worldwide, using techniques that you will not encounter in a traditional IT environment;
- Working with nice colleagues who are just as happy with the profession as you;
- A contract for 32 – 40 hours a week;

- 25 vacation days;
- Room for development & growth;
